WHAT THE BROWNLOW BILL WILL DO FOR THE FARMER.

There is a bill introduced in Congress by the Hon. Walter P. Brownlow, of Tennessee, and the Hon. Jacob H. Gallinger, member of the Senate from New Hampshire, appropriating \$24,000,000 on the part of the National Government as National aid in building wagon roads. This money is to be apportioned among the States according to their population, except that no State shall receive less than \$200,000.

Each State receiving National aid from the Government must add a like amount to the sum received. This will, therefore, cause the spending of \$48,000,000 for roads, and will build from 6,000 to 7,000 miles of splendid road and will place in each State from 100 to 600 miles of fine hard road, which will not be affected by frost or spring rains and on which the farmer can haul the year round. It will be a great advantage to those living near it, but it will be a far greater advantage to the whole country because it will be a wonderful object lesson and will prove to every one that a good, hard road, which can be used the year round, no matter what the rains are, is a good and desirable thing; it will make every one who sees this road and who uses it want more roads just like it, and it will cause more roads just like it to be built.

While, under the Brownlow Bill, building of 6,000 to 7,000 miles

of splendid road is a great thing, yet it seems to many that the greatest advantage of this bill is the wonderful object lesson which 100 to 600 miles of fine road will produce when built in every State of the Union.

WE ARE ALL FAMILIAR

With the deep, hoarse bark, grimly called "a grave-yard cough." It is the cry of the tortured lungs for mercy. Give them mercy in the form of Allen's Lung Balm, a remedy for pulmonary trouble, so highly esteemed that it is recommended even in the earliest stages of consumption. In the later stages mortality is unavailing. Nobody can afford to neglect a cold.

EXCHANGES OF PROPERTY.

Mr. O. C. Kenney has exchanged his handsome residence property, on Todd street, and his farm just beyond the Forks of Elkhorn (known as the Hillery Bedford place), with Mr. Jno. C. Noel, receiving in exchange the farm of Mr. Noel (known as the McDowell place) at Woodlake. Mr. Noel gets a very desirable city property and Mr. Kenney gets one of the best farms in this country.

WORKING NIGHT AND DAY.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills cause weakness into strength, listlessness into energy, brain-lag into mental power. They're wonderful in building up the health. Only 25c per box. Sold by all druggists.

NEW STANDARD FOR WORLD'S FAIR.

The 1904 Universal Exposition is Now Practically Finished—No Doubt About Its Opening on April 30 in a Complete Condition.

St. Louis, Jan. 27, 1904.—All things appear to work to the end of making the 1904 Universal Exposition stand in a class by itself. In magnitude and scope there has never been anything like it. No enterprise of the kind was ever endowed with so great a working capital. The world's storehouses never before contained such treasures to draw from.

The Columbian Exposition at Chicago ten years ago, until the present enterprise was launched and its magnitude was apparent, was supposed to have fixed a standard for all time to come. That theory has been thoroughly exploded by the marvelous accomplishments of the Louisiana Purchase Exposition. The World's Fair at St. Louis covers 1240 acres of ground. All of Chicago's exposition was contained in 633 acres. Not in mere size does that present enterprise surpass all others. The great exhibit palaces differ from any constructed for former expositions. They are all revelations in the architect's art. The big, rectangular buildings of the past have been superseded by a group of wonderfully beautiful and symmetrical structures, assembled in the form

of a lady's open fan. Collectively they are many times larger than any other group and for architectural beauty they immeasurably surpass anything the world has ever seen. The architects departed from beaten paths, and sought and found new features which they happily combined with the best examples of the architecture of other days.

When the plans and dimensions of the buildings were first made public the people were amazed at the daring of the exposition management. Even were such mammoth buildings erected, where would the exhibits necessary to fill them come from? Now that the buildings are all finished, and the work of installing the exhibits is under way, the question is answered. Even were the buildings three times as large they could not contain all that has been offered. Inner courts have been roofed over and where exhibitors have asked for thousands of feet of space they have had to content themselves with hundreds of feet.

Such being the case the exhibitors and the exposition management have been enabled to exercise a discrimination that could not have been possible ten years ago. Official figures show that in the decade following the Columbian Exposition the value of the manufactured products has increased 50 per cent. Thus the world's storehouses contain treasures that were never before accessible. In the close discrimination that has been observed

only the best and most worthy have been accepted, and each exhibit will represent the best in its class.

Life and demonstration have been the keynote in the exhibits division and wherever practicable processes are shown, together with the finished product.

The exhibit of the Philippine Islands, which covers forty acres, and has been created at a cost of about \$1,000,000, is an exposition in itself. The foreign nations have never put forth such great exertions to make interesting exhibits. The keen rivalry that has been manifested between the most powerful nations, is reflected in the exhibits from the newer and smaller countries. China is making such preparations as it was never deemed possible that exclusive nation would consider. Fifty-one States and Territories and more than that number of foreign countries are working in unison to make the Universal Exposition complete in every detail.

At this writing nearly four months before the opening, no doubt exists about the fair being finished in every particular. The show palaces are all ready and the exhibitors are installing their exhibits. The roadways are practically all made. The intramural railways, encircling the grounds, is ready for the rolling stock and the application of power. The landscape is so advanced that a few weeks in the early spring may see it perfect, even though all work should cease until that time. The weather at St. Louis has been so mild all fall, and thus far in the winter, that but few days have been so cold that work out of doors was impracticable.

SUDDEN DEATH.

On Wednesday afternoon, Mr. John Bradley, foreman of the Kentucky River Mills, North Wilkinson street, died very suddenly of heart failure, superinduced by an attack of a gripe, from which he had suffered for several weeks. That morning Mr. Bradley stated that he felt so much better that he thought he would be out in a day or so. But suddenly the weakened heart refused to discharge its functions and gentle and genial John Bradley passed away.

He was a valuable citizen—quiet, industrious and upright. He discharged the duties of his life carefully and with rare fidelity.

For some 20 odd years he had filled the responsible position of foreman at the big Kentucky River Timbers Mills.

Mr. Bradley was a Knight Templar, an Odd Fellow and an Elk, and in each order discharged his full duty.

The funeral services were conducted by Frankfort Commandery, No. 4, K. T., from the residence on yesterday afternoon at 2 o'clock and the remains were followed to the grave by his brethren of the above-named orders.

WRIST BADLY CUT.

Mr. H. Davis Harrod, Jr., a young man employed by the Frankfort Shoe Co., attempted to pick up a shoe pattern at the factory in the pen, did not notice how close his hand was to a sharp knife being used by Mr. Carl Dodson, another employe, and he received a bad cut on his wrist, severing a small artery.

"THE EARL OF PAWTUCKET."

Now that "The Earl of Pawtucket" has been forced out of New York theatres, Mary will be compelled to find another successful play. This eccentric old woman has been one of the characters of Broadway for years; she peddles matches to theatre-goers, and has

unerring judgment, or intuition, in regard to the success of a play. Managers look upon her as a sign of certain success, for she never takes her stand in front of any theatre that is not doing a tremendous business.

The second night of the "Earl of Pawtucket," Mary appeared in front of the theatre, and she stayed with it to the end of its long run—a fact alone which is the most eloquent testimony of the business this play was doing up to the time it was compelled to leave New York.

FRANKFORT, JAN. 30, 1903.

BUILDING NOT READY.

Owing to the unexpected failure of the contractors for some of the work, the announced re-opening of the First Baptist Church, of this city, will have to be postponed until Sunday week, February 7th.

This is a source of keen regret to the officers and members of this church, as they fully expected to have the re-opening to-morrow. We desire to say, however, that the fault is not with Mr. John Rumpf, the original contractor, but to a subcontractor for a part of the work, with which Mr. Rumpf had no connection.

FRANKFORT'S TIME TO JOY-LIFY.

Capital Appropriation Bill Passed House of Representatives by 92 to 1, and Senate by 84 to 0.

Glory Enough for One Day.

After a fight lasting for nearly a century, the bill making an appropriation to erect proper capitol buildings for the State of Kentucky has finally passed both houses of the Legislature and will soon be a law.

This means much to the good people of this good little city. For nearly, if not quite 100 years, this question has hung over our fair city like a dead weight on our enterprise and public improvement. There are but few cities of the size of Frankfort that could have stood the strain and have done even as well as she has done under the circumstances. With the constant menace of uncertain titles to her ground and depreciation of property in all lines, she fought the good fight and kept the faith in the final triumph of right and justice.

We have longed with inexpressible longing to see this glad day, and now it has arisen as a star in the horizon of hope to re-energize the business men of our city to reach out in new enterprises and to accomplish larger and better improvements than they have ever yet even thought of, much less attempted.

There has been an earnest and untiring band of workers, who, through evil as well as good report, have been bravely and unflinchingly waging the battle for the right, and, although many of them have passed to their reward without seeing their desires accomplished, yet, as one has fallen, others have taken up the battle. To them all honor is due. We tender our sincerest congratulations to them. Among those who have not hesitated at any sacrifice in this good cause, of late years, have been Col. E. H. Taylor, Jr., Senator from this district; Hon. L. Frank Johnson, our Representative; Rev. Dr. J. McCluskey Blayney; Dr. Edgar E. Hume; Gen. D. W. Lindsey; Mr. W. H. Posey; Mr. R. W. McKerny, and a host of others whose names we can not now recall.

At 6:10 o'clock, p. m., on Thursday afternoon, the announcement that the bill had passed the Senate unanimously was greeted with the ringing of the bells, unlimited fireworks and the hearty cheers of thousands of lusty throats. There never has been a time when

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nerve Cured Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon affect your heart's action as to bring on serious, chronic trouble. Dr. Miles' Nerve Cure is a nerve tonic, which cures the nerves, so that sleep may come, and it quickly restores the overwrought nerves to health and strength. Dr. Miles' Heart Cure is a great blood and heart tonic which regulates the action of the heart, enriches the blood and improves the circulation.

"Some time ago I was suffering severely with heart trouble. At times my heart would seem to stop beating and at others it would beat loudly and very fast. Three to four hours sleep each night in ten months was all I could get. One week in last September I never closed my eyes. I got Dr. Miles' Nerve and Heart Cure at a drugstore in Lawrenceburg, after spending \$3000 in medicine and doctors in Louisville, Shelbyville, Frankfort, Cincinnati and Lawrenceburg, and in three days have derived more benefit from the use of your remedies than I got from all the doctors and their medicines. I think everybody ought to know of the marvelous power contained in your remedies." W. H. HUGGINS, Fox Creek, Ky.

Frankfort's people were more thoroughly and enthusiastically happy. Three times three, and a tiger for the Legislators, one and all. They are all statesmen. We love them, and we are for them for Congress not even excepting Mr. Thompson, even if he does spell his name with a P.

God bless them all.

Frankfort sends hearty greetings to her sons and daughters widely scattered throughout this broad land.

BUYS HANDSOME HOME.

Mr. O. C. Kenney, of the firm of Kenney Bros., has purchased from Mr. Ben T. Farmer his handsome two-story frame dwelling house, on Steele street, between Second and Third, and will move his family in as soon as possession can be obtained.

This is a very desirable home. It is rumored that the price paid was \$5,000 cash.

Mr. Farmer is now making his home in Cincinnati.

PORTRAIT OF EX-GOV. BRADLEY.

An addition has been made to the gallery of portraits of Ex-Governors of Kentucky. That of Ex-Gov. W. O. Bradley was brought here on Monday by Ex-Senator F. C. Linney, of Louisville, and presented to the Governor.

Along with the portrait is a bit of writing in regard to the matter, which is the handwork of Mr. Linney. It shows that Mr. Linney is a past master with his pen.

APPOINTED CIRCUIT JUDGE.

We are gratified in being able to announce that Hon. Albert S. Berry, of Newport, has been appointed circuit judge of the Campbell county district, vice Hon. John P. Newman, who died before he could assume the duties of the position. This will be peculiarly gratifying to a vast number of people in this city and along the Kentucky river, on account of the fact that Col. Berry has been the steadfast friend of improvement of the Kentucky river, and also of the city of Frankfort in her long drawn-out fight for capital improvement.

Judge Berry will make a fine officer. He holds until the election in November.

MEETING OF GRAND COMMANDERY, K. T. OF KENTUCKY.

We would again call attention to the fact that the Grand Commandery of Kentucky, Knights Templar, will hold its 7th Annual Conclave in this city on Wednesday and Thursday, May 18th and 19th.

Committees of Frankfort Commandery, No. 4, have been appointed and are now at work making all necessary arrangements to that end.

We hope that our citizens generally will render every assistance necessary to making this one of the most successful meetings of that grand body.

It has been some 12 years since that grand body has held a meeting here. It was a very enjoyable occasion to every one present. Frankfort's proverbial hospitality was largely in evidence.

Of course there will be the inevitable tinge of sadness, when they meet this year, in memory of the fact that so many noble men, who were present then, have laid down their weapons of warfare with sin and sorrow and have entered into the Grand Asylum on High to receive the "recompense of reward" from the Supreme Grand Commander.

But the time is full of hope and high anticipation from the fact that this grand organization is growing in power and influence for good as the years go by.

THANKS.

Mr. Walter Goodwin, one of the best "lightning jerkers" who ever left Frankfort, and who is now in the telegraph office in St. Louis, Mo., has placed us under obligations for a set of World's Fair Views stamps. They are very unique in design and accomplish the work of thoroughly advertising the business so intended. It is a fine scheme, and we thank our young friend for his courtesy.

VALENTINE PARTY.

The Junior Auxiliary of Aesclepius Episcopus will hold their annual Valentine Party, on Saturday afternoon, February 13th, 1904, in the Parish House, from 3 to 6 p. m. Admission—Adults 10 cents, children 5 cents.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

W. S. FARMER

BRAVE AND TENDER DAN COLLIER DIES.

Without regard to station in life, our whole city was saddened when the news reached here, on Saturday night, that Gen. Daniel Ray Collier, U. S. Pension Agent for Kentucky, had died suddenly at the Pope Sanitarium, in Louisville, that afternoon, of angina pectoris.

Gen. Collier was 64 years of age and possessed of an unusually sturdy and strong physique. He served with distinction in the Federal Army, 3d Kentucky Volunteer, under Col. Thos. E. Bramlett, rising from a private to Lieutenant-Colonel.

While as stern and staunch an adherent of what he deemed the right as any man that ever lived, at the same time he was as tender-hearted as a woman.

Absolutely without personal fear, he had a supreme contempt for the bully and the blackguard. As firm as the rock of ages where principle was involved, his clear and fair judgment enabled him to see both sides of every question that came up for settlement.

The people of Kentucky owe him a debt of gratitude (and especially the people of this city), that, in large measure, he was enabled to keep the peace between the contending factions during the time Governor Taylor occupied the executive chair.

Upon several occasions, to our certain knowledge, a conflict seemed inevitable, when his stern command called a halt, and the devoted love of his men, and their abiding confidence in his judgment, enabled him to hold them in check, when nothing else could have done so.

Bluff, hearty and genial, he made warm friends wherever he went, and even his political enemies became his steadfast personal friends. Something over a year ago, the wife of his youth died suddenly of heart failure, and the sturdy soldier, who had never quailed before the face of an enemy, received a mortal blow. While prosecuting his daily duties with his usual care, he seemed to have lost the buoyant and bubbling humor that had characterized him.

He was conscious that he had serious heart trouble, and had placed himself under the care of the physician in charge of the Pope Sanitarium, going there every afternoon for treatment.

At his usual time, on Saturday afternoon, he went there, asked to be allowed to lie down upon a couch, complaining of nausea. He asked for a glass of water. The nurse left the room for a short while. Upon returning, she found the General cold in death.

Gen. Collier had been a member of the Christian Church at Lancaster for several years.

A few days before his death he remarked to his dearest friend, Gov. W. O. Bradley, that he felt as though his end was near, as all his family had died suddenly from heart failure. To the Governor's protest, he laughingly replied that it was all right, and that he must not be alarmed.

Gen. Collier leaves one son (Major W. H. Collier) and two daughters (Mrs. Robert Elkins and Mrs. Robinson) to mourn his death. Remains were taken to Lancaster for burial.

Prayer or a bigger-hearted man

or more devoted friend, never drew the breath of life.

We knew and loved him for his many noble qualities of head and heart and lay this tribute of affection upon his stilled breast.

COLDEST OF THE WINTER.

Monday was a very pleasant day and so continued until about 3 o'clock on Tuesday morning, when a high wind, followed by rain, sleet and snow sent the mercury scurrying down from about 60 degrees to about 4 degrees above zero, on Wednesday morning. This established the record for this winter so far.

BEST LINIMENT ON EARTH.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00 bottle at Paul B. Weitzel's.

BADLY HURT.

While at work removing some scale frames for the F. & C. railroad, in Georgetown, last Saturday, Col. J. K. Dixon raised the frame and set it up edgewise. A heavy wind was blowing which caused the frame to fall back into the pit, hitting Col. Dixon on the head, cutting a long gash and severing a small artery. Surgical attention was at once rendered and Col. Dixon sent to his home in this city. He is doing very well.

BURGLARIES.

There must be a gang of burglars at work in this city. On Friday night the big store of R. K. McClure & Son was broken into. No money was obtained, but doubtless some goods were abstracted.

On Sunday night the drug store of Dr. Paul Weitzel, corner of St. Clair and Broadway, was entered and several dollars taken from the cash drawer. There are rumors of other robberies, but nothing definite.

ELOQUENT PREACHER AND SPLENDID GENTLEMAN PASSES AWAY.

The sad news was received in this city, on Friday night, that Bishop Thomas Underwood Dudley, D. D., Protestant Episcopal Bishop of the Diocese of Kentucky, had died suddenly of heart disease just after attending the funeral of his mother-in-law, in New York City.

Bishop Dudley was one of the most eloquent and attractive preachers in the United States, and wielded a vast influence for good wherever known. He was always in the front rank in the fight for Christianity, morality and civic cleanliness.

Kentucky has been sadly afflicted of late in the loss of able and upright men. Gov. John Young Brown, Judge Lysander Hord, Bishop T. U. Dudley and Gen. Dan R. Collier. The bar, the pulpit and the military. Better and grander specimens of each it were hard for any State to show.

With bowed heads Kentucky places the wreath of immortelles upon their fresh made graves.

The body of Bishop Dudley, accompanied by his wife and son, was brought through this city, on Sunday evening, on the C. & O. train, to Louisville, where the funeral ceremonies were held at Christ Church Cathedral, on Wednesday afternoon.

When the train reached this city a large assembly of our best people were at the depot to manifest their respect and affection for the dead prelate, and the bell of Ascension Church was solemnly tolled until the train had rolled away up the Benson valley.

Truly a valiant soldier of the Cross has passed to his reward, beloved and honored.

A Members' Rally was held at the Y. M. C. A. Thursday night, and amid the rapid destruction of hot roasted peanuts a contest for new members was launched.

A GREAT GATHERING OF MEN.

We have received the announcement of the forthcoming Twenty-sixth Annual State Convention of the Young Men's Christian Association of Kentucky, to be held at Bowling Green, February 18, 19, 20 and 21. The State Executive Committee has arranged a strong and attractive program. Among those who will present vital topics are Judge Selden P. Spencer, St. Louis; Messrs. Edward W. Frost, Milwaukee; F. S. Goodman, H. O. Williams, Robert Weldensall, W. D. Weatherford, New York City; S. D. Gordon, Cleveland, Ohio; Geo. S. Budd, State Secretary, Ohio; W. E. Day, Day, Ohio; S. W. McNeill, State Secretary, Tennessee; Prof. J. C. Acheson, Danville; President B. A. Jenkins, Kentucky University, Lexington, and others prominent in religious, educational and commercial circles in the State. The singing will be an inspiring feature of the Convention, and will be led by the Covington Association Glee Club of sixteen voices.

The Convention will carefully consider, under skilled leadership, the all-round work of the association—religious, social, educational and physical. Boys' work will have a prominent place on the program. There will also be special consideration of the 250,000 young men in the small towns and country districts, and the promotion of the Association work among them. Conferences of delegates from the city, student, railroad and county work departments will be held. A new and interesting feature of the Convention will be an exhibit which the State Committee has arranged showing the work that has been done in the Kentucky Associations during the past year. On the day following the Convention, Washington's birthday, there will be a big excursion of delegates and friends to Mammoth Cave.

Last year 551 delegates attended the State Convention at Lexington, which was the largest Association Convention, State or International, ever held in the South. Large delegations from the 95 Associations of the State are expected this year, men, members of evangelical churches in communities where there are no Associations, and interested in Christian work among

young men, are invited to attend and participate in the Convention as corresponding members. A limited delegation from such communities will be entertained by the citizens of Bowling Green, providing application for credentials, giving name and address of pastor or clerk of church, is sent to the State Secretary by February 10.

The various railroads in the State have granted a rate of one fare for the round trip to delegates and visitors attending the Convention. Programs of the Convention, information about credentials, etc., may be had at local Associations, or by addressing Henry E. Rosevear, State Secretary, Fourth and Broadway, Louisville.

"THE EARL OF PAWTUCKET."

The story of "The Earl of Pawtucket," Augustus Thomas' great comedy success, which will be seen here at the Capital Theatre in the very near future is developed from the amusing and novel idea of an English nobleman endeavoring to pose as an American. A reversal of the usual idea in such scenes. Lord Gardington, the English nobleman, has met in Europe, a charming American girl, through the unusual circumstance of both being imprisoned for twenty-four hours in one of the cars of a Ferris wheel—the machinery of which had been broken down at the moment when both were suspended in the air one hundred feet or more from the ground. Her pluck and cheerfulness during this unpleasant time, together with her beauty, won the Englishman's heart, and he determined to win her for his wife. Despite their enforced companionship in the car, he did not succeed in learning her name. Finding she had gone back to America a few days after this episode, he followed and, wishing to travel incog., took, at the suggestion of his friend, Montgomery Putnam—an American who had come abroad to escape paying alimony to his wife—his, Putnam's name.

At the Waldorf-Astoria in New York he finds the girl he is looking for and is introduced to her as Montgomery Putnam by his friend, Arthur Weatherbee. As the object of his adoration is in reality Mrs. Montgomery Putnam—having assumed her maiden name of Harriet Fordyce until she can secure an absolute divorce—the girl is, of course, immediately aware that Putnam is an impostor. She quickly discovers who he really is, but not until the end of the play does she reveal her knowledge. Putnam's relatives, some of whom have never seen him, are looking for him; as is also a lawyer's clerk with a writ and claim for \$5,000, and another official of the law who has been empowered to collect the alimony due Mrs. Putnam from her husband.

At the Waldorf every one who is looking for him, succeeds in finding him and his efforts to prove, by the use of American slang—none of which he understands—that he is really the man he pretends to be, form the basis of a series of comedy situations which have never been excelled. At last, just as everything is becoming too complicated and he is about to be arrested for obtaining money under false pretenses, for contempt of court, or non-payment of alimony, and finally for the murder of Lord Gardington—whom the papers have announced has mysteriously disappeared—Miss Fordyce interposes, explains who the poor Earl really is, and every thing ends as it should.

We are in receipt of a very unique combined Rigby Ruler Blotter, which is manufactured by The Tablet and Ticket Co., 875 S. Franklin Street, Chicago, Ill. It just fills the bill so that a writer or book-keeper who has frequent use for both a ruler and blotter has them right at his hand in this new convenience. It is so simple that one wonders, after seeing it, that it has not been invented long ago.

THANKS.

We have been placed under obligations to our friend, Sergeant A. H. Innes, U. S. Heavy Artillery, stationed at Fort Monroe, Va., for a nice lot of views of that noted point. Sergeant Innes shows that he is quite an expert in this line. The views are beautiful and show what a delightful place, and yet what a strong fort Uncle Sam has established there.

Sergeant Innes will please accept our thanks.

WILLIAM YEOMAN.

The Yeoman Carriage Co.

The undersigned, who have heretofore done business under the name of the Seller Carriage Company, will conduct a carriage manufacturing establishment in all of its departments under the name of Yeoman Carriage Company, in the warerooms on Main street in Versailles, Ky., opposite the Presbyterian Church, and a share of public patronage is solicited.

Our Mr. Yeoman, with the late Henry Heimiller, established this business in 1878, and he assures his patrons that the work he will hereafter do will be on the same high plane with the work he and those with whom he has been heretofore associated have heretofore done.

We will keep on hand at all times a full supply of the best class of vehicles, and now have on hand some of our own make. We are prepared to build new vehicles, and are ready to do all kinds of repairing with the best mechanics obtainable. Our workmen have been with us for many years—some of them since the business was established—and we can cheerfully guarantee the work they do.

If you lack ambition, have an habitual feeling of weariness and languid indifference—all are symptoms of a run down condition of the system. This is a condition that should never be allowed to continue for it usually results in a sort of chronic invalidism. Take

A KID.

PEOPLE WE KNOW.

They are Frankfort People and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go on the rounds of the press; are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. Mollie E. Callis, of 674 Holmes St., wife of W. H. Callis, foreman at Frankfort Chair Co.'s Works, says: "I have the greatest faith in Doan's Kidney Pills for their treatment brought me untold relief. I had backache for years. It was not severe at all times, but when an attack occurred, especially if I over-exerted myself in any way, aggravation of the aching was sure to follow. A positive proof of some distress to the action of the kidneys was trouble with the kidney secretions. I tried various remedies, but found nothing that did me any permanent good. Reading an advertisement in our local papers about Doan's Kidney Pills it occurred to me that they might at least give some relief. Acting on this thought I went to J. W. Gayle's drug store and got a box. Their use brought that what people said about Doan's Kidney Pills was nothing short of the truth. The pain and aching in my back

ceased and the trouble with the kidney secretions was corrected. I thoroughly believe that any preparation which acts up to the representation made for it like Doan's Kidney Pills can not be too well known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles."
